

# Our School Awarded Quality

## Nurture Mark

On Friday 13<sup>th</sup> January we had a very special Well Done assembly

The Totton MP Dr Julian Lewis and Elisa of the Nurture Network came to join us for our usual well done assembly. This assembly was very different because we were also joined by Governors and some parents of children currently in Nurture group and past parents whose children have now left and joined the junior school. We celebrated the work of Mrs Weaver, Mrs Hopkins and Mrs Williams in making the Rainbow Nurture Group such a positive and excellent place to support our children.

Last Year the Governors decided to raise the profile of the great work of our Nurture (Rainbow Group) in school so we decided to apply for the Quality Mark. We had a full day inspection in school where staff, children, parents were interviewed to ensure that the nurture ethos and values were embedded throughout the school – not just in the group. We had to complete a lengthy application and then we had a full 1 day inspection. Parents, children teaching staff and Governors were interviewed.

Julian Lewis MP presented the award and spoke about the importance of working together, sharing and respecting each other. He was very impressed with the work of the school where our children's well-being and positive attitude to learning was so strong.

We were all delighted to receive the highly regarded award

Mrs Weaver, Mrs Williams and Mrs Hopkins , Julian Lewis MP , Elisa from Nurture network, Governors Mel Price, Dave Hills, Jo Dorricott and Lief Keay-Chaplin

**We are now an accredited, Nurture group quality award school - Well done everyone!**
