

Early Excellence is delighted to be collaborating once again with Calmore Infant School to offer an afternoon of training opportunities for your EYFS teams.

Strengthening SEND Practice in the EYFS

At the heart of the EYFS lies the principle of the 'Unique Child' and how we need to value their interests and understand their needs as a learner. This requires us as practitioners to ensure that we create environments that are truly accessible to all children.

Drawing on examples of best practice, this workshop will look at practical ways for you to develop your provision meaningfully and appropriately for all your children. We will consider strategies to support children with SEND in fully accessing the learning environment and reflect on how we can ensure every child has a 'voice'.

Benefits:

- Gain a deeper understanding of SEND in the Early Years
- Explore ways to develop a truly accessible and inclusive learning environment
- Consider how your learning environment can be used to support the learning of children with SEND

Audience: SENCOs, EYFS Leaders, teachers and EYFS teams

Time: 1.30pm - 3.00pm

Cost: £45.00 (exc. VAT) per person

Structures & Spaces: Inspiring Young Architects Through Block Play

Research shows that construction play supports the development of mathematical thinking, social skills, abstract thinking, creativity and literacy.

Drawing on images of buildings and structures from across the world, this twilight will provide you with a wealth of inventive ideas for inspiring young architects of the future. Using everything from your small construction, blocks and art resources to recycled, natural and unusual materials, this session will demonstrate how to ignite children's creativity, nurture collaboration and extend their problem-solving skills.

Audience: All EYFS practitioners

Time: 3.45pm - 5.15pm

Cost: £45.00 (exc. VAT) per person
